Celebrating legacies. We have been incredibly fortunate to work alongside some of the world's top physicians, dentists, and health care professionals in the industry.

As we celebrate the retirement of three of our most respected providers, it's not lost on us the innovation, legacy, and history they leave behind. For that, we are grateful.

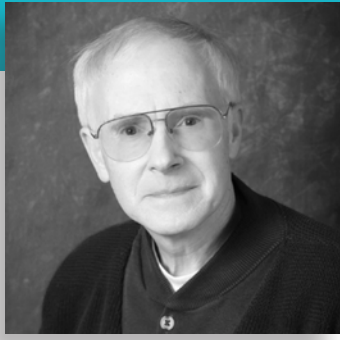

MARK KODAY, CHIEF DENTAL OFFICER

For more than three decades, Dr. Koday has led dental care at Yakima Valley Farm Workers Clinic. He's a large reason we've been able to serve so many people, and provide them with education and the quality care they deserve.

He says he stayed with Yakima Valley Farm Workers Clinic because of his coworkers and their dedication to the mission, but we say we've stayed with him because of his personal passion to serve those that need it most.

We are proud to call Mark our family, and give him a sincere thank you for the innovation and commitment to quality care he has ushered into our organization.

Dr. Koday: We hope you enjoy the next chapter of your life, you deserve it.

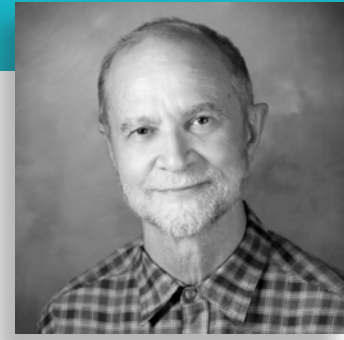

DON LASSELLE, OBGYN

An echoing memory of Dr. Lasselle's tenure at Yakima Valley Farm Workers Clinic is his dedication to his patients.

The time of day never mattered to him. Even if it was late in the day, he was going to take care of his patients. With more than 20 years of that level of commitment, every mom and baby he served will hold him in their memory for years to come.

His dedication goes beyond retirement; he is still mentoring and helping young physicians, leading the way to a new generation of health care professionals. This speaks volumes to his dedication to serving the families of our communities.

Dr. Lasselle: we offer, from the bottom of our hearts, a sincere thank you, enjoy your retirement!

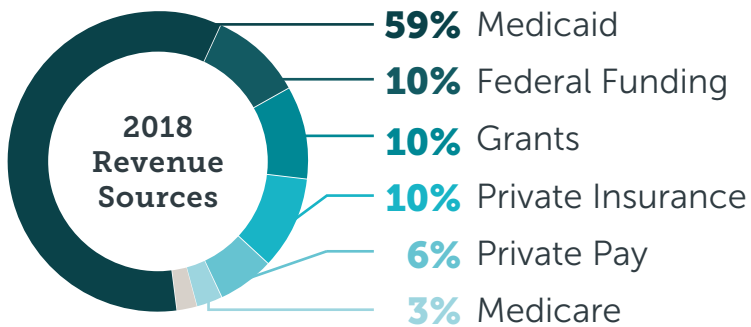

JOHN NAIDEN, OBGYN

Dr. Naiden was a rock star in his band before medical school, and a rock star of the maternity wing delivering more than 15,000 babies throughout his 40-year career.

A well-respected and highly regarded physician, it is with sweet sorrow that we bid farewell to Dr. Naiden after 40 years of service to Yakima families. John is unwavering in his commitment to the community, he embodies the mission of Yakima Valley Farm Workers Clinic.

Dr. Naiden: As you venture on your much-deserved retirement, we offer a sincere thank you from all the staff, patients, and clients at Yakima Valley Farm Workers Clinic.

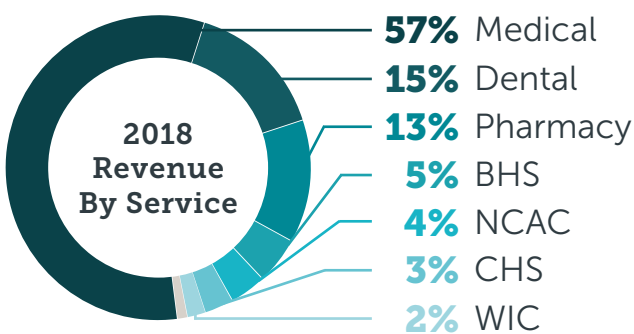

We hope your retirement is as restful as your career was long.
